

# *The HIINside Scoop December 2019*

## Welcome

Happy Holidays to our IHA HIIN Hospitals. As we look forward to the year ahead; here is what's important now in the IHA HIIN. Please do not hesitate to contact [Kelly McMahon](#) or [Jenny Winkler](#) with any questions you have as you read our newsletter.

Sincerely,  
IHA HIIN Team

## “W.I.N” with the HIIN (What’s Important Now)

### Enhancing Partnerships Regional Workshop

Join us for a one day regional workshop where we bring hospitals and their care coordination unit partners together to identify internal resources and referral process, participate in a shared learning discussion, and develop an action plan on how to improve their referral processes.

Regional Meeting Schedule:

- Wednesday, January 29, 2020 - Northern Illinois (Naperville) Regional Meeting
- Thursday, February 20, 2020 - Central Illinois (Springfield) Regional Meeting
- Wednesday, March 25, 2020 - Southern Illinois (Carbondale) Regional Meeting

If you are interested in attending an upcoming session, [please complete this sign up form](#). The program content will be the same for each regional session.

### Social Determinants of Health Improvement Action Network

High readmission rates are frequently a result of social determinants of health (SDoH), and to address this challenge IHA is kicking off an Improvement Action Network (IAN) in the first quarter of 2020. Over a ten week period, participants will receive intensive coaching and feedback on a step-by-step approach to implementing SDoH screening in their emergency department.

Key program dates are:

- January 16: Kick-off webinar
- January 30: Shared learning call
- February 11: In-person regional workshop (videoconference between Naperville and Springfield)
- February 27: Shared learning call
- March 12: Shared learning call
- March 26: Wrap-up webinar

#### Special points of interest:

- [Welcome](#)
- [“WIN” with the HIIN](#)
- [Enhancing Partnerships Regional Workshop- Sign Up Today!](#)
- [Social Determinants of Health IAN – Sign Up Today!](#)
- [Falls Webinar Series- Register Now!](#)
- [VAE Safety Session- Register Now!](#)
- [Pressure Injury Safety Session – Register Today!](#)
- [C.diff Simulation Training](#)
- [January Event Calendar](#)

All webinars will be held from 9:30-10:30 a.m. The in-person regional workshop will be from 9 a.m. to 1 p.m.

The curriculum for this IAN is based on [this playbook](#) which was developed partnership with Westside ConnectED to identify different steps hospitals can implement to screen for SDOHs. Interested organizations can [view the program flyer](#) and [register to join the cohort!](#)

## Falls Webinar Series – Register Today!

Each year, millions of older adults fall, and over 800,000 patients a year are hospitalized as a result of a fall injury. From 2007 to 2016, fall death rates among adults age 65 and older have increased more than 30%. The rising number of deaths from falls in older adults can be addressed by screening and intervening to address fall risk factors.

During this webinar series participants will learn from expert Pat Quigley about the implementation science of fall injury programs, post-fall management strategies and innovation in fall and fall injury prevention.

Invite your fall team to join the 3 part webinar series- including front line nurses, managers, quality and patient safety leaders, and physical therapist!

### Webinar Schedule

Tuesdays from 10:00-11:00 CT/ 11:00-12:00 ET

- February 18th: Implementation Science: Reengineering Fall and Fall Injury Programs: Infrastructure, Capacity and Sustainability
- March 3rd: Post Fall Management – Getting to Types of Falls and Repeat Fallers
- March 17th: Innovations in Fall and Fall-Injury Prevention and Reduction Strategies within Hospitals

This event is complementary to all HIIN and IHA MAPS members. To participate in one or more of the webinars [click here to register!](#)

## VAE Safety Session – Register Today!

[Join IHA HIIN/ MAPS](#) for our first safety session of the new year on **Wednesday, January 22, 2020** focused on Ventilator Associated Events (VAE). Participants will learn about VAE surveillance, ABCDEF evidence based practice bundles and partnering with patients and families to improve care and reduce harm.

**The event is complimentary to IHA HIIN and MAPS members and will be held on January 22, 2020 from 10 a.m. to 3 p.m. at the Illinois Health & Hospital Association offices in Naperville and Springfield, IL.**

[Registration is now open!](#) We encourage hospitals to bring a small team of two to three staff to provide the best opportunity for brainstorming and interactive discussions throughout the day.

---

## Pressure Injury Safety Session – Registration Now Open!

[Join IHA HIIN/ MAPS](#) for our pressure injury safety session on **Wednesday, February 12, 2020**. Participants will learn about the value proposition including the importance of present on admission documentation, coding opportunities and solutions. We will explore cross cutting strategies to reduce harm across the board through Integrating PFE, Safe Patient Handling and Mobility into PIP.

**The event is complimentary to IHA HIIN and MAPS members and will be held on February 12, 2020 from 10 a.m. to 4 p.m. at the Illinois Health & Hospital Association offices in Naperville and Springfield, IL.**

[Registration is now open!](#) We encourage hospitals to bring a small team of two to three staff to provide the best opportunity for brainstorming and interactive discussions throughout the day.

## **C.diff Simulation Training**

Spots are still open for the *C.diff* Simulation training on Wednesday February 5<sup>th</sup> at the Jump Trading Simulation and Education Center. These sessions will be capped at 25 participants, so [register while spots still remain!](#)

Our focus in these events will be to provide attendees with simulation-based tools and techniques to augment the pursuit of higher quality care, patient safety and healthcare resiliency at the unit level. Our goal is to provide learners with another set of tools with which they can engage their frontline staff to identify system problems that contribute to adverse outcomes.

It is **not** essential for learners to have access to high fidelity simulation labs or equipment to come to these events. The tools and strategies discussed may be implemented in any organization with any level of resources. All events are being offered free of charge to Illinois HIIN hospitals. **We encourage you to send educators, frontline staff, or clinical leaders to take advantage of this offering.**

### ***C.diff***

Wednesday, February 5 from 10am – 4:30pm  
At Jump Trading Simulation and Education Center in Peoria

If you would like to attend any of these sessions please follow the links to [register on the IHA GLPP Simulation Training Webpage](#). Logistical information will follow once you register.
