Standing Opportunities

CIC, CPHQ, and CPPS Update

As announced at our HIIN Annual Meeting, hospitals may elect to certify more than one person per hospital in our 6 month extension period. Please see [our certification ordering instructions](#) for more details on how to obtain certification. Please reach out [Kelly](#) if you need any assistance with certification.

[Request a Site Visit from William Peters](#)

IHA is dedicated to offering Improvement Advisor site visits to HIIN hospitals that [request assistance](#). Through the HIIN, William will be offering 10 different 1-2 day site visits which your organization can take advantage of **free of charge**.

These visits can cover anything from improvement sciences 101, to using data for improvement, to assisting with struggling projects, to providing an improvement science primer for your executive teams.

Additional Education

NHSN has a new two-part Ventilator-associated Event (VAE) self-study training course. This online course provides a detailed look at the VAE protocol, including information on the VAE surveillance algorithm, key terms, and meeting the VAC, IVAC, and PVAP definitions, to access the course [click here](#).

The Illinois Perinatal Quality Collaborative (ILPQC), in partnership with the American College of Obstetricians & Gynecologists (ACOG) and the American Society of Addiction Medicine (ASAM), is offering a Treatment of Opioid Use Disorder Course with a focus on pregnant and postpartum women
