

Asked User(s)	Question from Q&A webinar box	Expanded Response from the IDPH HRC Team
Dana Hobson	Can we find the data for the services section in the Comp Data site?	Refer to slides 9-20 of powerpoint for relevant laws, data submission process and relevant links to the CompData system. For more specific questions on data submission please contact our vendor at: <a href="mailto:customerservice@team-ih.org">customerservice@team-ih.org</a> or call 866-262-6222 and ask for Data Submission Services.
Karen Finerty	Does this (reporting) apply to LTCH Hospitals?	<p>All Hospitals and ambulatory surgical treatment centers (including Long-term acute care (LTACH) hospitals and Inpatient rehabilitation facilities (IRF)) are required to submit patient claims and encounter data to IDPH through IHA/CompData. Refer to slides 9-20 of powerpoint.</p> <p>Hospitals, LTAC hospitals and IRF are required to report Healthcare-Associated Infections (HAI)s to IDPH through NHSN. refer to *new* slide 14 of powerpoint "HAI Status...". However, approval process for LTACHs and IRFs is currently manually performed. IDPH will send data to LTACHs and IRFs individually via email for approval during the preview period. Facility data will be publicly reported as Statewide report PDF on the HRC websites under "State Report of Current Interests"</p> <p>IDPH is planning to add LTAC hospitals and IRFs to the HRC general reporting tabs in the future. we will update facilities when this roll out.</p>
Krista Nixon	Does this (hospital preview) apply to Critical Access Hospitals?	Yes, Critical Access Hospitals (CAH) are currently publicly reported on the HRC. Critical Access Hospitals have the same data submission requirements as all other Illinois licensed hospitals and ASTCs. Data received from CAH's containing measures shown on the HRC will be reported.
Andrey Ibragimov	Does this (hospital preview) apply to ambulatory surgery centers?	Yes, ASTCs will need to review their data in the upcoming review period through the new preview process detailed on slides 32-44 on powerpoint presentation. This would be the first year for ASTCs to approve data in the enhanced HRC website (rollout 2), please contact us at <a href="mailto:dph.hrcpreview@illinois.gov">dph.hrcpreview@illinois.gov</a> if you have any questions during the preview period.
Melissa Di Domenico Cara Marco Roma Garg	<ul style="list-style-type: none"> <li>- Who should we contact when we need to add/update reviewers to the Hospital Report Card approval list?</li> <li>- How do we change a contact name for Quality Director for our organization?</li> <li>- How can we confirm that IDPH has the correct names for facility CEO and Quality liasion?</li> <li>- When will we receive the list of contact information so we ensure we do not miss the communication on 5/20?</li> </ul>	<p>due to the confidential nature of the contact information, please contact the HRC team to add/update/confirm reviewers to the Hospital Report Card approval list for your organization: <a href="mailto:DPH.HRCPreview@Illinois.gov">DPH.HRCPreview@Illinois.gov</a> .</p> <p>For ASTCs, we currently only have CEO contact information. We will include a contact information template with this email and ask that you complete and return to the HRC Team with Quality Liasons and Infection Preventionist contact information.</p>
John Pittman	<ul style="list-style-type: none"> <li>- I entered this address in my web browser: <a href="https://healthcarereportcard.illinois.gov/">https://healthcarereportcard.illinois.gov/</a></li> <li>- I do not see a log in tab</li> </ul>	<p><a href="https://healthcarereportcard.illinois.gov/">https://healthcarereportcard.illinois.gov/</a> only recieves updated data once it has been approved by facilities on the preview site, during preview period. It will be updated with all approved new data on July 8, 2024</p> <p>The preview period has not started yet. You will be able to log in on <a href="https://preview.healthcarereportcard.illinois.gov/">https://preview.healthcarereportcard.illinois.gov/</a> once the preview period opens on 05/20.</p>
Laura Sztuba	When does the HRC review period open?	The HRC Review period opens on <b>05/20/2024</b> . You will be able to log in on <a href="https://preview.healthcarereportcard.illinois.gov/">https://preview.healthcarereportcard.illinois.gov/</a> once the preview period opens

Asked User(s)	Question from Q&A webinar box	Expanded Response from the IDPH HRC Team
Tammy Fralicker	Where do we find our % compliance for reporting?	<p>The transaction reports received from COMPdata should have this information. You may also contact COMPdata for addition information regarding any submitted data.</p> <p>Send an email to: <a href="mailto:customerservice@team-ihc.org">customerservice@team-ihc.org</a> or call 866-262-6222 and ask for Data Submission Services.</p>
Lori Hoffer Melanie Russell	<p>Will you outline what needs to be completed for ASTCs vs hospital data?</p> <p>Where do I find the data that needs to be submitted for ASC's?</p>	<p>ASTCs have same data submission requirements and same approval process as hospitals but have less measures to review (Revenue and Services Tabs) in the HRC. A record for every patient treated and discharged from the facility must be reported to IDPH.</p> <p>For historic data reported by facilities, refer to HRC, Search, Refine Search, Facility Type - Ambulatory Surgery Centers: <a href="https://healthcarereportcard.illinois.gov/search">https://healthcarereportcard.illinois.gov/search</a></p> <p>Refer to slides 9-20 of powerpoint for relevant laws, data submission process and relevant links to the CompData system. For more info on data submission contact our vendor at: <a href="mailto:customerservice@team-ihc.org">customerservice@team-ihc.org</a> or call 866-262-6222 and ask for Data Submission Services.</p>
Lori Hoffer	SO as an ASC who treats less than 250 Medicare patients a year we are NOT required to complete NHSN reporting. How does this effect the reporting?	<p>This will not effect discharge data based measure reporting.</p> <p>NHSN sourced data has different requirements by law. refer to slide 14 of powerpoint. For NHSN Reporting, IDPH only require data submission of specific HAI measures from Hospitals, LTACHs, and IRFs only.</p>
Lori Hoffer Melanie Russell Andrey Ibragimov	<p>- I think there need to be clarification on reporting for ASTCs in general. I think you can see the main questions are around ASTCs- Is this new reporting for ASTCs? This is confusing!</p> <p>- Melanie Russell, <a href="mailto:mrussell@orthoisc.com">mrussell@orthoisc.com</a> asking about ASTC data submission</p> <p>- is this different from compdata for astcs?</p>	<p><b>The requirements for data submission for both hospitals and ASTC have not changed.</b> Hospitals and ASTCs are required to submit a record for each patient treated and discharged to IDPH vendor COMPdata. There is an account-based submission system for all required facilities. Refer to the relevant laws that mandate the reporting for the respective facility type for clarification. The only thing that has been updated is the data review process of data that will be publicly displayed on the Illinois Hospital report card.</p> <p>The data is actually submitted to our vendor COMPdata. Visit the COMPdata Informatics site for more information. <a href="https://www.compdatainfo.com/Data-Submission-Services/IL-Administrator-Data.aspx">https://www.compdatainfo.com/Data-Submission-Services/IL-Administrator-Data.aspx</a></p> <p>Refer to slides 9-20 of powerpoint for relevant laws, data submission process and relevant links to the CompData system. For specific question regarding the data submission process please contact our vendor at: <a href="mailto:customerservice@team-ihc.org">customerservice@team-ihc.org</a> or call 866-262-6222 and ask for Data Submission Services.</p> <p>Refer to slides 32-44 for instructions for the HRC preview and approval process. For specific question regarding the data approval process please contact the HRC team at: <a href="mailto:DPH.HRCPreview@Illinois.gov">DPH.HRCPreview@Illinois.gov</a></p>

Asked User(s)	Question from Q&A webinar box	Expanded Response from the IDPH HRC Team
<p><b>Lori Hoffer</b> <b>Andrey Ibragimov</b></p>	<p>COMPDATA?? so, this data is collected by CompData?</p>	<p>COMPdata is the IT unit of the Illinois Hospital Association (IHA), our contracted vendor. The data is actually submitted to our vendor COMPdata. Each file or batch of data is validated and screened for complete and accurate content. Any missing or erroneous data is flagged on the transaction report returned to the submitting facility. Correction and resubmission of flagged records is required prior to end of each quarter.</p> <p>Visit the COMPdata Informatics site for more information. <a href="https://www.compdatainfo.com/Data-Submission-Services/IL-Administrator-Data.aspx">https://www.compdatainfo.com/Data-Submission-Services/IL-Administrator-Data.aspx</a></p>
<p><b>Lori Hoffer</b></p>	<p>I send and receive approval for COMPDATA each quarter. Is there additional reporting for ASTCs??</p>	<p>No, this should be sufficient for the discharge data claims. One additional submission required for both ASTCs and hospitals is a monthly count of all patients treated and released during the month. This monthly count is used as the denominator in the compliance percentage calculation by COMPdata determine the completeness of each facility's data submission.</p>
<p><b>Andrey Ibragimov</b></p>	<p>there are many ASC leaders on this webinar that never heard of this reporting and can we schedule a webinar just for ASCs?</p>	<p>The powerpoint presentation has been expanded with the mandated reporting requirement and other relevant laws for hospitals and ASTCs as well as the data submission process to CompData.</p> <p>If you or others are still unclear after your read-through, please contact us and we schedule a meeting/webinar for ASTC, collectively if many requests are received or individually with your team at your facility. please contact the HRC team at: <a href="mailto:DPH.HRCPreview@Illinois.gov">DPH.HRCPreview@Illinois.gov</a></p>
<p><b>Andrey Ibragimov</b></p>	<p>so the ask for ASC leaders is to log in to IDPH portal and validate that the data is correct? Do I understand this correctly?</p>	<p>Yes. Once the preview window starts on 05/20 you'll receive an email with a link that will take you to <a href="https://preview.healthcarereportcard.illinois.gov/">https://preview.healthcarereportcard.illinois.gov/</a> - where you'll be able to login and review your pending data.</p> <p>We currently have contact information for ASTC CEOs, we will include a contact information template to be completed by facilities to include additional Quality Liasons and Infection Preventionists.</p>
<p><b>Debbie</b></p>	<p>Can you show an old Hospital Report card that has been submitted</p>	<p>You can view the current report card at <a href="https://healthcarereportcard.illinois.gov/search">https://healthcarereportcard.illinois.gov/search</a> for your facility for any approved published data</p>
<p><b>Lori Hoffer</b></p>	<p>DO the same for ASTCs!!!</p>	<p>You can view current approved ASTC data on <a href="https://healthcarereportcard.illinois.gov/search">https://healthcarereportcard.illinois.gov/search</a> for your facility or all ASTC facilities: Go to Search, Refine Search, Facility Type - Ambulatory Surgery Centers: <a href="https://healthcarereportcard.illinois.gov/search">https://healthcarereportcard.illinois.gov/search</a></p>
<p><b>Debbie</b></p>	<p>Is the data on the Hospital Report card compiled from Comp Data submitted?</p>	<p>Yes. Once the submission period ends for each quarter, COMPdata formats the submitted data into the layouts necessary for sending to IDPH. This quarterly data is then prepared and added to our production data table for a large variety of uses, including the preparation of measure updates on the HRC. refer to slide 17 on the powerpoint presentation for the data submission process flow from facilities to IDPH.</p> <p>Refer to slides 15-20 of powerpoint for the data submission process and relevant links to the CompData system. For specific question regarding the data submission process please contact our vendor at: <a href="mailto:customerservice@team-iha.org">customerservice@team-iha.org</a> or call 866-262-6222 and ask for Data Submission Services.</p>

<b>Asked User(s)</b>	<b>Question from Q&amp;A webinar box</b>	<b>Expanded Response from the IDPH HRC Team</b>
Lori Hoffer	COMPDATA is claims based data...	Yes, discharge data is based on the National Uniform Billing Committee standard for claims submission to payers. Any provider submitting claims to payers for reimbursement will have the necessary data to meet the submission mandate to IDPH. That is what we use for HRC measure creation. Some measures do come from other sources, such as the Annual Questionnaires, etc also required by IDPH.
